

## Cody Pearson

970-231-0362 [cody@codypearson.com](mailto:cody@codypearson.com) 2587 Trio Falls Dr. Loveland, CO 80538

### Profile

I am a web software developer with over 9 years of experience in both back-end and front-end development. My career emphasis has been back-end development, and I am skilled in a wide variety of technologies including PHP.

### Experience

#### **BRIDGE CONNECTOR LLC, NASHVILLE, TN – 2019-2020**

Back-end development on a SaaS healthcare integration system for clients large and small; custom engineering and support of healthcare integrations.

PHP 7, Laravel, MySQL, Git/GitHub, Postman, Sentry, Codacy

#### **MADWIRE LLC, FORT COLLINS, CO – 2017-2019**

Back-end development on a SaaS CRM for small business clients.

PHP 7, Yii Framework, MySQL/RDS, DynamoDB, CloudWatch, Redis, Docker, Kubernetes, Elasticsearch

#### **INCIDENT RESPONSE TECHNOLOGIES, GREENWOOD VILLAGE, CO – 2015-2017**

Full-stack development on a SaaS incident tracking system for the public safety industry (police/fire/etc).

PHP 5/7, Zend Framework, MySQL, jQuery, Bing Maps API

#### **CAUSELABS, DENVER, CO – 2014-2015**

Full stack development for projects on a contract basis for “positive impact” organization. Projects included a Bible app and a government budget education tool.

PHP 5/7, Zend Framework, jQuery, Bootstrap, WordPress

#### **ARTICLE ONE PARTNERS, LOUISVILLE/SUPERIOR, CO – 2012-2014**

Full-stack development on a SaaS tool used for crowd-sourced patent research.

PHP 5, MySQL, Zend Framework, Smarty, Doctrine, Solr, Phing, jQuery

#### **POINT OF REFERENCE, DENVER, CO – 2011-2012**

Full-stack development on a SaaS tool used for reference management by major corporations.

PHP 5, MySQL jQuery, Git

#### **EPIC SYSTEMS, MADISON, WI – 2009-2010**

Provided technical services to administrators supporting major EMR installations.

InterSystems Caché, AIX, Windows Server, Linux, Perl

**INTERNSHIP, SIMPLEUPDATES, BERRIEN SPRINGS, MI – 2008**

Full-stack development for a SaaS CMS targeting churches and religious organizations

PHP 5, Vanilla JavaScript, HTML, CSS

**INTERNSHIP, WEYERHAEUSER, FEDERAL WAY, WA – 2007**

Maintaining and developing a variety of small-scale business applications

Microsoft Office, Visual Basic, .NET
